# JOSÉ ALBERTO FERREIRA

Department of Economics - European University Institute (EUI) | *Florence, Italy*
*Citizenship:* Portuguese | Birth: 27−03−1997 | *Email:* Alberto.Ferreira@eui.eu

## EDUCATION

*08/2021–Present* **European University Institute (EUI)**

*PhD in Economics*

**Fifth-year researcher. Fields: *Firm Dynamics, Macroeconomics.***
Thesis: *Firms under Frictions: From Micro Dynamics to Macro Outcomes.*
*Supervisors: Russell Cooper and Giancarlo Corsetti.*
Current projects: (1) *Firm Dynamics with Intangible Capital*; (2) *Nonlinear Productivity Dynamics* [with Marius Grünewald and David McCarthy]; (3) *Dissecting the Decline in Investment Rates: Shocks vs. Responsiveness* [with Chiara Maggi and Diaa Noureldin].

*03/2025–07/2025* **Universitat Pompeu Fabra (UPF) & CREI**

*Visiting PhD Student*

Visiting student under the *European Doctoral Programme in Quantitative Economics* (EDP). Host: Prof. Andrea Caggese.

*09/2018–07/2019* **London School of Economics (LSE)**

*MSc in Economics*

*Specialisation in Monetary Economics*.

*09/2015–07/2018* **Nova School of Business and Economics (Nova SBE)**

*BSc in Economics*

*First Class Honours* (17.40/20.00; ranked 3$^{rd}$ in a 192-student cohort).

## RESEARCH EXPERIENCE

*07/2025-10/2025* Research Department (RES-WEO), **IMF**

*PhD Intern*

**PhD intern at the Research Department (WEO), International Monetary Fund, Washington DC.**
- Worked on the project *Dissecting the Decline in Investment Rates: Shocks vs. Responsiveness*, documenting and disentangling the broad-based post-GFC decline in firm-level investment dynamism across major economies.

*07/2024-Present* Halle Institute for Economic Research (IWH), **CompNet**

*Consultant*

**External research consultant on firm dynamics and productivity.**
- Collaborate with the construction of the Micro Data Infrastructure (MDI): a European-wide tool assembling confidential firm-level data for research on competitiveness.
- Conduct cross-country research (brief policy notes) on firm dynamics topics using this novel dataset.

*08/2020-07/2021* Directorate General Research, **ECB**

*Research Assistant*

**Research trainee to Dr. Kalin Nikolov at the Financial Research Division (FIR).**
- Calibration, estimation and enhancement of medium-scale New Keynesian DSGE models, with emphasis on real-financial linkages and the role of macroprudential policy.
- Work with optimisation, nonlinear equation solvers and numerical integration in both Matlab and Dynare; perform simulations and study Ramsey-optimal policies in DSGE models.

*09/2019-Present* Portuguese Business Cycle Dating Committee, **FFMS**

*Scientific Advisor*

**Member of the independent committee of experts responsible for dating the peaks and troughs in the Portuguese business cycle**. Funded by *Fundação Francisco Manuel dos Santos* (FFMS).
- Responsible for database maintenance (500+ indicators, several sources), elaborating reports on key issues of the business cycle, and time-series analysis.
- Co-authored a series of reports on each recession since 1910, available to a general audience (in PT).

*09/2019-07/2020* Department of Economics, **LSE**

*Research Assistant*

**Research Assistant to Prof. Ricardo Reis at the Centre for Macroeconomics (CFM-UK)**.
- Data collection and cleaning with Python, database construction and maintenance with R, programming (Matlab), proofreading, and text editing.
- Topics: theory and empirics of inflation expectations, business cycles, and international currencies.

## NON-RESEARCH EXPERIENCE

*09/2023-03/2024* — Robert Schuman Centre for Advanced Studies, **EUI**

*Teaching Assistant*

**Class teacher to the *Monetary Policy* module of the Central Banking and Banking Supervision Executive Education Programme, lectured by Prof. Edouard Challe & Prof. Giancarlo Corsetti**.
- Prepared class material, led class discussions, and managed remote teaching part of the course.

*09/2021- 01/2023* — Department of Economics, **EUI**

*Researchers' Representative*

**Representative of researchers in departmental and univerity decision-making bodies**
- Proposed framework to fund the fifth year of the PhD programme. Advisory in faculty hiring, coursework structure, and other departmental regulations. Organisation of social events.

*09/2018-07/2020* — Department of Economics, **LSE**

*Teaching Assistant*

**Class teacher of *EC210 - Macroeconomics Principles* for Prof. Ricardo Reis & Dr. Kevin Sheedy**.
- 4.7/5 student evaluation (c. 80 students 2019/20, c. 40 students 2018/19; weekly seminars).
- Responsible for small-group teaching of an intermediate macro course ($2^{nd}$ and $3^{rd}$ year students).

**Class teacher of *EC220 - Intermediate Macroeconomics***, LSE Summer School 2019 (1-month course).

## TRAININGS & OTHER COURSES

*06/2024* — **How do Firms Behave?** | Gerzensee

*Summer School on Firm Dynamics*

*Instructor: Prof. David Thesmar.*
Graduate course bridging recent developments on corporate finance and firm dynamics' literature.

*07/2023* — **Firms in Macro-Finance** | BGSE

*Instructor: Prof. Andrea Caggese.*
Styilised facts on firm dynamics. Models of missalocation with financial frictions. Empirics of productivity and financial constraints' measurement.

*08/2020* — **Tools for Macroeconomists** | Oxford University

*Summer School on Quant. Methods*

*Instructors: Prof. Wouter Den Haan, Prof. Petr Sedlacek, and Prof. Pontus Rendahl.*
Perturbation and projection methods in solving DSGE models, with focus on computation using Matlab and Dynare (e.g. applications to occasionally binding constraints and heterogeneous agents).

## COMPUTER & LANGUAGE SKILLS

*Languages* — Portuguese (native) · English (proficient) · Spanish (intermediate) · German (basic)

*Programming* — Julia (adv.) · R (adv.) · Python (int.) · Matlab (adv.) · Dynare (int.) · Stata (elem.) ·

*Software & Tools* — Microsoft Office · LaTeX

## AWARDS & GRANTS

2021–2023 · *Bolsa de Investigação* – Portuguese Foundation for Science and Technology (FCT).
2021 · *La Caixa Postgraduate Fellowship Abroad* [declined].
2019 · *Excellence in Macroeconomics Award* – LSE – for outstanding contributions to a series of macroeconomic discussions organized by Prof. Wouter Den Haan among the LSE MSc cohort.
2018 · *Academic Merit* – Nova SBE – for excellent academic performance during the BSc.
2015 · *Nova SBE Excellence Scholarship* – Nova SBE – full tuition scholarship for top-ranked candidates.
